

CoffeePay

CoffeePay - more than just coffee

TSG CoffeePay offers a user-friendly interface and various payment options to market leading coffee machines.

The hardware is sleek and compact offering a seamless installation next to most coffee machines, and thanks to a fully detailed report to the cloud, the administration is a piece of cake.

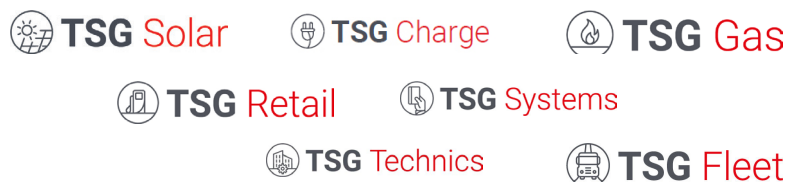

- Self service
- Loyalty reward software
- Contactless payment
- Finger print recognition
- Easy display
- Reduced risk of theft or misuse

Retail fuel forecourts: multiples, independents, supermarkets and fuel distributors.

Transport & infrastructure: haulage, bus, rail, air, government, utilities and construction.

Business & leisure: distribution, workplace, hotels, education and marinas.
